News Release

SingTel's regional mobile subscriber base up 57 per cent to cross 150-million mark

- *Bharti added record 6.17 million to reach 48.88 million mobile subscribers*
- *Addition of 11.87 million customers from latest associate Warid Telecom in Pakistan*
- *SingTel set new benchmark of 2.13 million mobile subscribers with record addition of 163k prepaid customers in Singapore*

Singapore, 6 November 2007 – Singapore Telecommunications Limited (SingTel) today announced that the aggregate number of mobile subscribers in the region, including its associates, has reached 157.97 million as at 30 September 2007.

On a year-on-year basis, its mobile subscriber base in the eight markets – Australia, Bangladesh, India, Indonesia, Pakistan, the Philippines, Singapore and Thailand – grew strongly by 57 per cent from about 100.77 million customers. Warid Telecom, its latest investment in Pakistan, contributed 11.87 million subscribers.

Bharti and Telkomsel with most number of subscribers in the Group

Bharti posted the largest subscriber growth rate among the regional associates for the quarter. It added a record 6.17 million net mobile subscribers to bring its total mobile subscriber base to 48.88 million as at 30 September 2007. Growth came mainly from prepaid customers who made up 95.4 per cent of the net mobile subscribers added during the quarter.

Telkomsel had the second largest number of mobile subscribers among the associates. It added 1.65 million subscribers in the quarter to bring its total mobile subscriber base to 44.46 million. This is an increase of nearly 12 million or 37 per cent compared to a year ago.

Warid Telecom included for first time

Our latest mobile associate, Warid Telecom in Pakistan, had a reported 11.87 million mobile customers which were included for the first time this quarter. SingTel acquired a 30 per cent equity stake in the company in September 2007.

New benchmark set in Singapore

In Singapore, SingTel set a new benchmark with its mobile subscriber base reaching 2.13 million as at 30 September 2007.

During the quarter, it saw an increase of 185,000 mobile subscribers, mainly from the record addition of 163,000 prepaid mobile subscribers. Continuing the growth trajectory from the preceding quarter, prepaid mobile market share rose to 35.3 per cent from 31.7 per cent a quarter ago. This reflected SingTel's success in penetrating the foreign worker segment by boosting its value offerings and expanding its distribution.

Optus gained momentum in postpaid segment

Supported by new product launches and innovative customer acquisition activities, SingTel Optus maintained its scale and grew its customer base. In the quarter ended 30 September 2007, it added 92,000 mobile customers of which 65,000 were postpaid, the highest quarterly postpaid net adds in over two years.

Optus total mobile customer base reached 6.89 million, a 4.5 per cent increase compared to a year ago. As at 30 September, 868,000 subscribers had been provisioned with 3G services, an increase of 27 percent compared to the preceding quarter.

MESSAGE:

We confirm the receipt and release to the market of an announcement regarding:

Appendix 3B

If ASX considers an announcement to be sensitive, trading will be halted for 10 minutes.

If your announcement is classified by ASX as sensitive, your company's securities will be placed into "pre-open" status on ASX's trading system. This means that trading in your company's securities is temporarily stopped, to allow the market time to assess the contents of your announcement. "Pre-open" is approximately 10 minutes for most announcements but can be 50 minutes (approximately) for takeover announcements.

Once "pre-open" period is completed, full trading of the company's securities recommences.

PLEASE NOTE:

In accordance with Guidance Note 14 of ASX Listing Rules, it is mandatory to lodge announcements using ASX Online. Fax is available for emergency purposes and costs A\$38.50 (incl. GST). The only fax number to use is 1900 999 279.
